

FISH BRAIN

HUMAN BRAIN

IN THEORY, THIS SHOULD BE EASY.

The fish has the whole of Nature on its side. You've got us. Constantly finding new ways to help you even up the fight. Right through our entire range of rods, reels,

bags, clothing and accessories. They're all packed with ideas that come from a lifetime of fishing. We can't promise to make it easy, but we can make it more enjoyable.

GREYS

USE YOUR GREY MATTER. WE DO

Illustrated is a Streamflex rod, from \$230.
